Building a Legacy

**Prepared. For Life.™**

***Camp Lakota Swimming Pool Opens***

**Great News!** The Camp Lakota Swimming Pool has been completed and opened on July 16, 2011!

A round of applause goes to Tim O'Neil for his dedication and perseverance in managing the project from start to finish. Tim has spent countless hours securing donations from his employer Downes Swimming Pools along with The Association of Pool & Spa Professionals. Because of the generosity of these companies and donors, there was no cost to Northwest Suburban Council, Boy Scouts of America. Camp Lakota now has a top-of-the-line in-ground, heated, handicapped accessible pool for our Scouts and families to enjoy. Swimming is an important part of Scouting. It benefits Scouts working on Swimming and Lifesaving Merit Badges and can be used as a training resource for the BSA Lifeguard course.

***Thank you for a job well done!***
